

LED Explosion Proof Handlamps

LED Explosion Proof Handlamps

Product Description

This LED explosion-proof hand lamp uses high-efficiency LED chips and does not require ballasts. It is produced by the device with a color temperature of 6000K (optional), which is clearer and whiter than the light produced by incandescent lamps, and there is no glare, 360° luminous angle. It is durable, corrosion-resistant, and has undergone extreme hydraulic and heavy pressure testing to withstand 7J impact. It has the characteristics of small size, light weight, portable etc. No hot when operate at the highest temperature, internal locking can prevent the cable from pulling out. Application to zone 1, zone 21; zone 2, zone 22 dangerous areas.

Features

- Meanwell LED Driver, >90% driver efficacy.
- Circuit design: 4KV/6KV Surge Protection power supply.
- LED: LM80 certified, high efficacy, low decay, long lifespan. 130lm/W

Material

Hook: 316 stainless steel

Lens: tempered glass, shock & vibration resistant, Super clear, >90% light transmit.

Housing: Aluminum alloy, ADC12 (high pressure), powder coated.

Handle part: aluminum alloy inside + rubber cover.

Certification

ATEX:
Ex II 2G Ex db eb IIC T6 Gb;
Ex II 2D Ex tb IIIC T 80°C Db;

IECEX:
Ex db eb IIC T6 Gb;
Ex tb IIIC T 80°C Db;

Application

Wastewater treatment, oil and gas refineries, drilling rigs, petrochemical facilities, food and beverage facilities, tunnels, outdoor or indoor mounted general area lighting, and where flammable vapors, gases, ignitable dusts, fibers or flyings are present.
