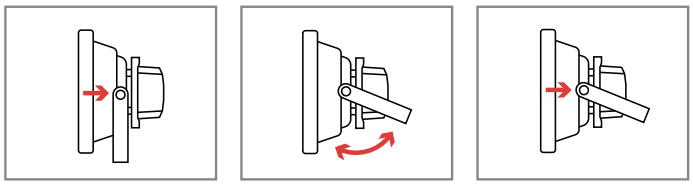
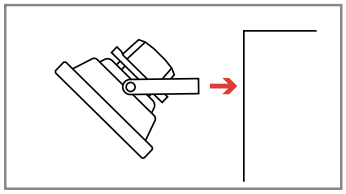
Installation

1. Turn off the power
2. Adjust the mounting bracket (the mounting bracket allows you to choose the necessary light direction and to set the desired angle of a lighting fixture

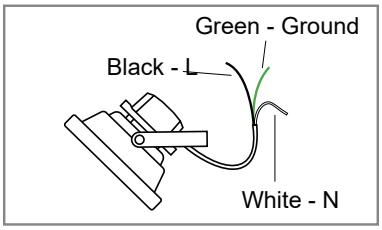


Use a wrench to loosen the adjust the mounting bracket and tighten the screw screw on the mounting bracket to your desired angle.

3. Fix the lighting fixture with screws of corresponding size.



4. Connect power cord of Flood Light to the nearest properly installed and grounded junction box of power with suitable strain relief means for power cord.



5. Turn on the main power. Installation is finished.

Application
